## Headteacher Message

### Headteacher Awards

**Jenson (Year 1)** for showing kindness to others. **Freddie (Year 5)** for showing kindness to others.

It has been a great start to the new year and new school term. On Tuesday, the children attended Mass celebrating the Epiphany of the Lord, where they behaved beautifully and sang with gusto! We have welcomed some new pupils this term and it is lovely to see everyone being so welcoming to our new friends. Thank you to Mrs Izzard, Mrs House and Ms Ludderman for taking down the Christmas trees, we appreciate your time.

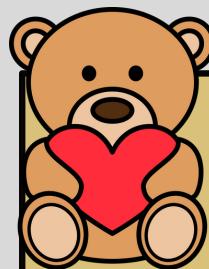

Thank you for all your kind wishes. Have a lovely weekend.

Miss North

## Catholic Life and Mission

This week, the children listened to the Epiphany Gospel, they were invited to journey with the Wise Men from the East as they follow the star to Bethlehem. The children learnt that at the end of their journey, they discovered the greatest treasure of all, Jesus, the King of Kings who has come for all people.

### Terrific Teddy

### Pre-School - Grace

#### How does attendance affect outcomes for pupils?

Being in school is important to your child's achievement, wellbeing, and wider development. [Evidence](#) shows that the students with the highest attendance throughout their time in school gain the best GCSE and A Level results.

Our research found that pupils who performed better both at the end of primary and [secondary school](#) missed fewer days than those who didn't perform as well.

The data also shows that in 2019, [primary school](#) children in Key Stage 2 who didn't achieve the expected standard in reading, writing and maths missed on average four more days per school year than those whose performance exceeded the expected standard.

Similarly, in the same year, secondary school pupils who didn't achieve grade 9 to 4 in English and maths missed on 10 more days on average over the key stage than those who achieved grade 9 to 5 in both English and maths.
